

AKDO®
COMMERCIAL & HOSPITALITY

AKDO®

AKDO is a company built on a foundation of love, family and dedication. Over 30 years ago, our CEO, Hakki Akbulak decided to start a business with his brother. As a natural born entrepreneur, Hakki asked himself, “what does Turkey have that America needs?” The answer, in short, was this: beautiful, abundant, natural stone.

AKDO has since grown to become one of the world’s most renowned brands of luxury tile and stone and considered among the most dependable resources by the A&D community. Sustaining value relationships with highly respected Architects, Designers, Developers and Builders around the world, AKDO has had the honor of collaborating with renowned firms, in consultation and in the supply of the most high-profile projects that span the globe.

OUR OFFERINGS

Natural Stone

Explore a vast selection of what is perhaps earth's finest and most timeless creation, natural stone. With an endless amount of natural stone options, available in slabs, tiles, mosaics and trim, all of our offerings are designed with beauty in mind. AKDO's stone products can be customized in any way, including cut to size.

OUR OFFERINGS

Ceramic

Available in small and large format, our ceramic is sourced from skilled artisans, resulting in looks both sleek and classic with variation that creates natural depth. Customization to the color, finish and texture can be achieved for large scale projects.

Porcelain

Our comprehensive porcelain collections range in look from handcrafted to high-tech, making it easier than ever to achieve your desired finish. Our connections with factories around the world give us the flexibility to custom produce our porcelain based on quantity and aesthetic.

OUR OFFERINGS

Custom Natural Stone Furniture

Design high-quality, one-of-a-kind, natural stone furniture pieces that elevate your design aesthetic. Our furniture is made of AKDOLAM, an innovative solution for creating dramatic pieces that are remarkably lightweight.

Customize size, stone type and finish, metal or wood finish, or edge treatment.

Glass

AKDO offers 2 types of glass collections, Signature and Beacon. Our Signature Glass Collection is made of 8mm thick float glass while our Beacon Glass Collection is made of 4mm thick art glass. Both types of glass can be custom ordered based on color, shape and size.

OUR OFFERINGS

Metal

Both bold and reflective, AKDO's offers a variety of metallic products from tiles, mosaics and metal inlay in natural stone provide unique enhancements to projects of all kinds. We have a variety of metal products in stock and can customize based on the needs of your project.

OUR OFFERINGS

Carpet

Our carpet is available in hand knotted, hand tufted and broadloom styles. Carpet materials range from wool, silk, bamboo silk, and Tencel to DuPont 6.6, a material that increases the longevity and allows for easier maintenance. Collection carpets are stocked in the US, with a shipping time of less than 48 hours, or let us help you bring your ideas to life with a completely customized concept.

OUR OFFERINGS

Engineered Wood

For centuries, wood floors have defined spaces with their inherently organic and elegant nature. Our Engineered hardwood floors come in unfinished and prefinished options. Custom colors and sizes can be produced based on the size of the project.

Laminate Flooring

AKDO offers a variety of laminate flooring in a variety of colorways, presenting the ultimate solution to achieving the polished look of natural wood, at a price point suitable for budget-conscious projects.

QUARRIES AND PROCESSING CAPACITIES

With exclusive rights to numerous quarries and our own production, we are in a unique position to control the quality of our product down to the last detail. In addition to ensuring the highest quality product, we also offer competitive pricing and faster lead times.

FACTORIES

AKDO has factories located in Europe and the Far East that are considered to be the best in the world. Our standards go far beyond just aesthetics, careful attention is paid to environmentally responsible production. Each factory has strict quality control, ensuring each product meets our customer's expectations, price, budget and timeline. All of our offerings are designed with beauty in mind and are handmade by highly trained artisans. This is what we like to call "The AKDO Advantage."

THE PROCESS

Our associates are experts on assisting you through the process of specifying a project, from sampling through contracting and execution. We recognize the importance of understanding the vision and expectations of our clients and their projects, taking the time to ensure we are familiar with the design intentions, durability requirements, timeline and budget.

TECHNICAL SUPPORT

AKDO's in-house architects thoroughly review each project to determine the most economical approach to providing the highest quality product at the necessary quantities for the project. We provide our clients with specification sheets, installation guidelines, and technical testing data to ensure that the design team and firm specifiers have the necessary information to issue specifications with confidence.

MATERIAL INSPECTIONS

For large scale projects, AKDO goes above and beyond by offering the option to have the client join us during the material and quality control inspections. This can include freight and loading container verifications, visits with the architecture or design professionals, dry laying product for inspection, and visits to facilities, quarries, and processing plants.

OUR GOAL

At AKDO, our commitment is to support you throughout your project, ensuring all material arrives within the agreed upon timeline, costs are within budget, and the project is scheduled to stay on track. Our sights are set beyond a single project, through hard work and partnership with you we hope to develop long lasting, trusted relationships.
